Dear David,

Re: R10+ Anti Slip Floor Coating

I would just like to let you know how pleased we are with the R10+ Anti Slip Floor Coating. It was recently applied to our new polished quartz composite stone floor tiles in our Corporate Headquarters Reception area. Safety and the prevention of incidents is an important consideration at Coles-Myer and the tiles would not have passed slip resistance standards if they had not been treated with the R10+ coating. We were also particularly pleased that even after the coating had been applied there was no alteration to the finish or appearance of the tile.

Thank you again for your professionalism and service during our works programme.

Regards,

David Stanley
